

Baseball Team In Two Wins During Week In Nevada

Yerington, Carson City Are Victims Of Locals On Diamond

The Tahoe Truckee Wolverines displaying plenty of offensive punch trounced the Yerington and Carson City nines over the weekend by respective scores of 11-7 and 23-7.

The local nine, handicapped by no home field, played on the Reno High field Friday as the home team and came from behind twice to down the Lyon county team from Yerington. Craig Robinson, Junior right-hander, was the victim of poor fielding support in the first inning as the Lions took a three run lead. The Wolverines lost no time in making up the deficit as Mike Robinson walked to lead off Truckee's half, Buzz Trainor doubled to right, and L. J. Robinson hit a three-run homer to deep right field. Later in the inning Woody Ribal squeezed home Craig Robinson as Tahoe-Truckee took a 4-3 lead.

The one-run lead proved to be short lived, however, as Yerington bounced back with three runs in the second to lead 6-4. The local nine kept pecking away, scoring single runs in the third and fifth while scoring a pair in the fourth. Robinson regained his form and shut out the visitors the rest of the way except for a single run in the last inning after Truckee had taken a commanding 11-6 lead in the sixth on Ribal's three run homer.

Saturday on the Nevada capitol's home diamond the locals exploded for eleven runs in the first inning and the game was strictly a run-away from that point on. Floyd Cooper, Truckee senior, who normally plays first base was the winning pitcher as he gave up seven hits, but suffered from periodic streaks of wildness. L. J. Robinson led the Tahoe onslaught with three, including two triples in the disastrous first inning. Robinson now has eight consecutive hits in the last three games, six of them for extra bases.

Truckee - Tahoe now occupies fourth place in the ten-team Northern Nevada league and will try to improve their position in the final league game with the South Tahoe Vikings this Friday on the Reno field where the local nine will be the home team. On Tuesday the Wolverines will meet the Quincy Trojans in a practice game scheduled for the Verdi field at 2:00.

These two games will wind up the season for the Wolverines who were victimized by the late storm and have been unable to practice or play on the home field all year. With only two seniors on the squad, an early spring next year could mean the Wolverines might be serious contenders for the Nevada state championship.

Lakes, River Rise In Heavy Runoff

With the level of Lake Tahoe rising faster than the water can be let out of the gates, there is a possibility that the spring runoff will cause the lake to exceed its legal maximum, C. C. Taylor, manager of the Tahoe County Conservation District, has reported.

The maximum level is 6229.1 and this week, with 17 gates open, the level stood at 6226.97 feet. When it nears the maximum legal limit some property may be damaged.

Boca Dam, which was nearly empty a month ago, is rising rapidly and there are 27,000 acre feet of water in the reservoir and the capacity is 41,000. About 1400 cfs is spilling from the dam.

As a result of the rapid runoff and filled lakes, the Truckee river has reached a flow of 4512 cubic feet per second this week and there are indications it will continue to rise during the remainder of the month.

The summer resort was open last weekend and hosted scores of skiers. All the facilities will be kept running this coming weekend and as long as skiers wish to take advantage of the spring snow. There are still about eight feet of snow on the hill, Reams said.

Speedup Of Work On Olympics Is Assured At Meet

Andrew Hawk Selected As Vice Chairman At Meeting

At their meeting in San Francisco Monday, members of the California Olympic Commission approved an advance of \$600,000 to the organizing committee to insure immediate construction of the ice arena, for which federal funds have been assured.

The house appropriations committee Friday gave conditional approval to the government expenditure of \$3,500,000 to build the arena at Squaw Valley. The only provision attached to the expenditure to be taken from funds appropriated earlier, is that California execute a lease under which the federal government will receive a share of the profits from future state operation of the winter resort as a state park.

It is not expected that the money will be immediately forthcoming and the commission's action makes it possible for the work to be started immediately. The amount voted by the commission will be returned to the state fund as soon as the federal funds are available.

In other action the commission awarded a contract to the Glanville Plumbing Company of Los Angeles for construction of the sewage facilities to cost \$529,000.

This action was taken after the commission voted to abandon plans for installing the sewer disposal plant in the lower end of the valley and agreed to its installation above the games site. Work on this project is expected to start immediately.

A. Andrew Hawk of Los Angeles was named to succeed Reese Taylor as vice chairman of the commission. Taylor recently resigned and Hawk was named by Governor Knight to replace him on the five-man group.

DAUGHTER BORN

Mr. and Mrs. Luis Goicoa welcomed Rebecca Lou who arrived May 6 at Tahoe Forest Hospital. The little girl weighed 7 pounds. The little girl weighed 7 pounds, 7 ounces at birth.

The annual fund drive to support the Truckee unit of the American Red Cross gets under way in this community Monday. While the drive will continue all during May, those in charge are hopeful that it can be wound up soon and so everyone is asked to contribute generously when they are contacted by one of the several volunteer workers who will be in the field. There is every indication that the need for the Red Cross will be greater this year in our area than ever before, since the population, and particularly the transient population, will be more than doubled. Nearly all the money raised here stays in the community and is budgeted out to only those cases in urgent need. There is no other method of handling these cases and full support of the drive is a must. The program of the Red Cross fills a community demand and only through individual participation can it be carried on.

Permits Required For Burning After Fire Chief Warns

Cleanup This Weekend As Call Is Issued For Volunteers

After May 10 no burning will be permitted in the Truckee Fire District without an official permit.

Fire Chief N. F. Doley this week announced that the fast drying conditions in the district are creating a hazard and urged everyone desiring to burn to secure a permit first to avoid trouble.

Permits are available at Truckee Hotel, Bud's Electric, Truckee Mercantile and Coffey's Garage in town and at the Gateway Liquor Store in Gateway Park.

No burning of any kind, with or without a permit, will be permitted in the alley back of Commercial Row, Doley said. The forest service regulations will be strictly enforced throughout the district and violators will be cited.

At the same time, Doley called attention to the cleanup project sponsored by the department and the Truckee Chamber of Commerce. Trucks will call at all houses in Truckee Saturday and home owners are asked to have all rubbish accumulated in piles for easy disposal.

The following Saturday, May 17, the Gateway area will be subject to the cleanup.

"This is an opportunity to clear up yards, attics, basements and at the same time eliminate a dangerous fire hazard," Doley declared. "We will need the cooperation of everyone in the fire district."

Doley said volunteers are needed to assist in the cleanup and anyone wishing to help to contact him immediately for detail assignment.

Knight told newsmen he is carrying in his aerial campaign for the U.S. Senate with a rented airplane, rather than the state-provided Grizzly Bear. His May 2 press conference in the capitol was expected to be the last regular meeting with capitol newsmen before the election.

"As usual, I am carrying on my campaign largely by meeting with people in large groups," Knight said.

Polish Editor Here To Scan Progress At Site Of Games

Adam Stanek, foreign editor of Trybuna Robotnicza (Workers Tribune), published at Katowice, Poland and the largest newspaper in that country, spent Thursday afternoon in Truckee, Squaw Valley and Lake Tahoe.

Stanek, who is on a ten-week tour of the United States is making a study of typical cities and localities and other points of interest for the purpose of writing a series of articles for his newspaper.

Most of the stories, Stanek said, would be based on his impression of race problems, economic conditions, industry and sociological observations.

The visitor spent some time at Squaw Valley taking photos and looking over the site for the 1960 Winter Olympic Games and will supply this information to the news papers in Poland.

Stanek was agreeably impressed with this area and with the friendly reception accorded. He expressed the hope that he can return and witness the Olympics.

Following his stay in this vicinity, Stanek went to Reno to see the fabulous gambling resorts then flew back to San Francisco from where he left on his return trip home.

Ray Saarni, forest ranger attended the meeting and told of the scores of trailers coming into the area seeking a place to locate. All trailer courts, the directors were told, are filled to capacity and housing is at a premium.

Man Believed Lost From Car In River

Whether or not there were occupants in the convertible automobile which was pulled from the Yuba River a mile west of Cisco Tuesday is still unknown.

The river current is high and swift and it is possible, officers investigating the affair declared, that the driver may have been Preston Arthur Lane, 36, Oakland who had been missing on a trip to Norden.

It was estimated that the car had been in the river for approximately a week before it was discovered. Marks on the highway indicated the vehicle skidded 600 before plunging into the swift water and was carried downstream some 200 yards and deposited in a deep pool.

WEATHER

We here at Lake Tahoe as elsewhere, have been enjoying beautiful weather, nice warm balmy days, with the usual cool nights. Bath-

ing suits and sun tans are appearing at all the beaches and in a short time the lake will be showing off water skiers and sleek boats.

HERE AGAIN

Irene and Art Dibbern are enjoying several weeks at their Tahoe Vista home. They live in Glendale. Clyde Frampton of Lake Terrace Lodge has returned from Cathedral

City to start opening their Motel. Ruth stopped off to visit their grandchildren.

Bob and Mickey Stevenson of Holiday Inn purchased the Soderstrom home at Tahoe Vista this week.

Bob and Calley Daneri of San Rafael moved to Tahoe Vista permanent by this week. They have bought the George Feil residence and both are employed here.

VISITORS

Had a visit from Ruth and Reg Felce of Pasadena. We had not seen them for 20 years it was a real swell visit and many enjoyable times were recalled.

GOOD NEWS

Yes, it's wonderful news that Michael A. Brown and Mrs. Brown have purchased the Tahoe Marina Boat Company lock, stock and barrel from John and Carol Howard at Tahoe Vista. Mike has been interested in the boating business nearly all of his life, so the workings will be a cinch for him. Congratulations to Gene and Carol Howard on their purchase of the snow home on the Truckee short cut just over from us.

DISTRICT MEETS

A meeting of the North Tahoe Fire Protection District was called by the chairman, James Sergi for the purpose of turning over the papers and records to the newly elected commissioners, and to acquaint them with what had transpired in the past. Dr. Holmes was named chairman of the new board and Lyle Gunkel, secretary. The meeting was attended by two members of the North Tahoe Fire Control, Inc., to explain views of what they expect of the taxpayers. Roy Porth said the corporation owns assets valued at approximately \$40,000 which are to be turned over to the district when they feel the stipulated terms are met. He explained that the assets are the sole property of the directors of the corporation and not to property of the people who paid money to the corporation, and that any money paid into the corporation was for services. They were asked why the big fire engine was not turned over to the district as per an earlier agreement and were told it would be done when it was possible for them to do so.

Discussion was held regarding the forest service demands on the taxpayers on the additions to the present fire house. Dr. Holmes and Gunkel requested to see the original agreement for their study before making any commitments. Max Burroughs said he would make it available to them. Bill Wiseman presented a set of plans for the proposed addition to the building for study by the new board.

TNT TIDINGS
by NANCY WATTS

The 9th and 11th grades have

been taking the Iowa Tests of Educational Development during the past week. On Tuesday, Wednesday and Thursday, these freshmen and juniors spent each morn-

ing wading through tests on math, vocabulary and comprehension. The exams are designed to show how much knowledge you have accumulated during your past school years. A PTA meeting will be held tonight at 8:00 P.M. in the High School cafeteria. Included on the agenda are election of officers and installation of officers. All parents of high-school students are urged to come.

The mighty 8th grade will put on a dance Friday which will last from 8:00 to 11:00. The whole class would love to have all the students at TNT come! There is a bus sign-up in the main office.

All juniors and seniors are reminded to get their dates and Prom bids right away! The prom will be held on Saturday, May 24th and will last from 8:00 until 11:00. Dinner is included in the price of the bid, which is \$4.00 per person. The seniors do not have to pay for themselves, but must pay for their dates if the dates are not Seniors in this school. The theme for this year's prom is "Midnite Memories".

NEWS NOTES FROM TAHOE

by MYRTLE CARNELL

GOOD FISHING

The fishermen have been out on the lake practically every day this week and from all reports the fishing is very good. Saturday and most of Sunday the lake looked like a large mirror and fishing boats could be seen in every direction. The mackinaw and German Brown have been the most plentiful and do they ever make good eating.

COMMUNITY FIELD DAY

The date of May 17, Saturday, has been set for the big clean up day for the commons in Tahoe City. All that is needed is a good shoveling or raking arm and a willing spirit. This may sound like work, but it should prove to be a lot of fun also as a picnic is planned following. Sounds like the good old days of community participation and family fun are still to be enjoyed. Not only will the commons be cleaned on this day but we also hope to rope off the safty swim area and log off the play area. With everyone's co-operation the beach should be in fine shape and we will have the start of a beach and playground area we can all be proud of. See you all there, of course.

NEW OFFICERS ELECTED

At the spring meeting of the

Tahoe City Womens Club at Smart's in Truckee on Thursday, May 1st, the officers for the new term were elected. Mrs. Ernest LePire was elected to the office of president with Mrs. Marshall Rukhala as vice-president; Treasurer, Mrs. Gordon Brown; recording secretary, Mrs. Steve Korich; and the corresponding secretary, Mrs. Bill Wilt. These ladies will be installed on June 5th at the annual spring fashion show meeting which will be held at the Crystal Bay Club. We will give you more news on this in the weeks to follow. There were about forty members and guests at the luncheon which was very beautifully decorated with lovely spring bouquets which were given by the ladies of the Donner Florist, Mary Harrison and Lou Stout. Every one enjoyed the gathering and all were glad to be able to don their spring outfits for a change from wool.

TWO BIRTHDAYS CELEBRATED

Steffie Snyder and Kathie Connors whose birthdays fall on May 2nd and May 3rd, celebrated them jointly at a picnic swimming party on Saturday at Carson Hot Springs. After the picnic the two girls opened their gifts and then all enjoyed a delicious birthday cake. Swimming followed with the 17 young ladies in the group having a splashing good time. The girls were accompanied by the two mothers of the birthday girls, Mrs. Don Snyder and Mrs. William Connors also along were Mrs. William Becholdt and Mrs. Robert Snyder.

The 17 friends included: Joyce Anderson, Alex Cushing, Karen McBride, Sandra Snyder, Susie Wright, Julie Ann Becholdt, Dottie Roman, Alice Calhoun, Cheryl Flory, Cheryl Becholdt, Anna Marie Connors, Kristin Meixner, Christine Litke, Bonnie Lou Finger, (of Roseville) and Joan Palmer.

COAST GUARD TO PATROL

At the luncheon meeting held at the Tahoe Inn Thursday, May 1st for law enforcement officers, coast guard and local interested parties. Rear Admiral Robert E. Wood assured the group that a full time unit will patrol Lake Tahoe for the three summer months. The meeting was under the auspices of the Nevada California Lake Tahoe Association. This has come about through the efforts and several years work of some local citizens and organizations, who by the way deserve a vote of thanks from locals of Lake Tahoe and its tourists for this means a safer lake for swimming and boating. The law enforcement officers of the five counties surrounding the lake are at present working out plans for identical laws affecting boat operation on the lake. Let's all co-operate instead of seeing how close we can come to shore with boats or a water skier. These measures have not been taken to restrict your fun but to insure your safety and your children's safety.

NEWS FROM THE GRINSTEADS

Mr. and Mrs. Ronald Grinstead well known residents who moved to Blackfoot, Idaho, last fall dropped a line to tell all of Geri's many school chums of his good fortune. Geri was named winner of the 1958 Shrines of America oratory contest conducted at his junior high school by the Modern Woodmen of America. A clipping accompanied June's letter, telling of the contest and praising Geri's speaking ability. The Grinsteads plan on opening their Lake Forest home for summer vacation as soon as school lets out and are looking forward to seeing all of their many friends.

ATTEND CONFERENCE

A delegation from the St. Nicholas Mission attended the conference in Eureka. It was the Diocesan convention held on April 29th - May 1st. The representatives were Charles Beardsley, Mr. and Mrs. Gordon Moyer and Mrs. Jerry Waters. An outstanding feature of the convention was the works of art in oils, charcoal and water colors done by the local art group and taken to the convention by Beardsley.

CIRCUS NIGHT

If you thought you saw circus animals and entertainers wandering about the other evening you did, it was the annual circus time for the scouts.

Each den portrayed certain aspects of the circus and a skit was given by each. Den 1 had circus animals of clay and told about each; Den two were dressed as entertainers and gave a band concert with pots and pans, combs (quite effective) Den three were Lions and their tamers staging a real life wild animal act with lions sitting and whips cracking, and best of all squeaking balloons. Achievements awards were also given and the Weblo badges were given to three cubs who will become Boy Scouts in the fall they are Greg Moore, Eddy Hoff and Mike Keehn. Congratulations boys for your fine achievements.

NIGHT OUT

Nursery school mothers of Tahoe City, Kings Beach and Truckee took a night out at the Trade Winds for dinner and fun. It was such a success they plan on making it an annual event. Elaine Wright who has been in charge and is leaving this next year was presented a gift for all her fine services.

MORE PROGRESS

Many of you are probably ready to tell me that I have mentioned this in every article. It is the cleaning up and bettering of the Commons here in Tahoe City. But if it has to be mentioned every day to get some action on it then it should be mentioned that often. The committee has listed their program of improvements for your approval and help. If you can't give time, give money and visa versa. Everyone is needed don't sit back and expect someone else to do it because it won't get done unless we all work together and I for one would love to have a decent and safe place to take my children to swim and play. This will also greatly benefit our tourist business and in turn our local businesses. Below are the purposed improvements:

1. Safty Area
 - (a) Swim area roped off with rope and buoys
 - (b) Play and picnic area logged off and electric lighting
 - (c) Diving raft placed for the children's use
2. Trash cans properly placed and secured
3. The rest rooms rejuvenated
4. Drinking fountains erected
5. Renovate and add to the picnic tables
6. Clean up and improve the beach with sand
7. Tear out the treacherous existing stairway (rebuild in the long range major plan)
8. Improved county roads approaching the beach
9. Play Ground director if possible for certain hours during the day. To be paid a small sum for her time

APPOINTMENT OF 3 CONCESSIONAIRES AT OLYMPICS REPORTED

Appointment of three members to the concessionaire-licensing committee for VIIIth Olympic Winter Games at Squaw Valley, 1960, was announced Monday by Prentiss C. Hale, president of the organizing committee.

Named were: Theodore Rosequist, Sacramento, planning administrator of the California State Fair; Stanley Bailey, Anaheim, director of merchandising at Disneyland; and George K. Whitney, Jr., San Francisco, amusement park operator.

Among other responsibilities, the committee will recommend methods and procedures for the sale of food, beverages and novelties to the Olympic facilities.

Rosequist has been assistant state fair manager since 1946, with direct responsibility for concessions. Prior to World War II he was on the staff of fairs in Chicago, Cleveland, Dallas and Fort Worth, and of the Golden Gate International Exposition at San Francisco in 1939-40.

Bailey is in charge of all merchandising at Disneyland.

Whitney is owner of Whitney's-at-the-Beach, San Francisco amusement park firm. In 1957 he worked with the state department as consultant on the U. S. Pavilion at the Brussels World's Fair. He was formerly manager of rides and amusements at Disneyland.

16 ROAD PROJECTS IN FEDERAL AID PLAN

SACRAMENTO—(CNS)—The California Highway Commission has added 16 projects, estimated to cost more than \$20 million, to the 1958-59 state highway budget, with construction expected to start at an early date.

Additional money for new projects came mainly from the Federal Highway Act of 1958, and partly from savings on recent projects, where contractors' bids ran below budget estimates.

It was expected all of the new projects would be completed within 18 months.

The new federal law included \$11.6 million for Interstate System Highways and \$21.9 million for other Federal Aid Highways. The interstate funds will be used for acquisition of rights of way, according to C. M. (Max) Gillis, Director of Public Works.

The \$21.9 earmarked for immediate construction on other federal aid routes included approximately \$4.5 million for eligible projects on county Federal Aid Secondary roads.

The Commission combined the remainder of this added federal apportionment with available state funds to add the 16 projects to the 1958-59 budget.

FEDERAL FUNDS TO AID COUNTY ROADS

Both Nevada and Placer Counties can share in the \$5,576,707 "shot in the arm" allocation of highway funds providing the counties contribute 28 per cent. The money is being made available under a federal highway assistance program in cooperation with the state.

Under the plan Nevada County could receive \$37,252 and Placer County \$77,979.

In order to qualify, the counties must have projects under contract by December 1 and scheduled for completion a year later.

DRINKING INVOLVED IN MANY ACCIDENTS

SACRAMENTO — Drivers who had been drinking were involved in one out of every four accidents in California according to the California Highway Patrol's analysis of 1957 traffic accident figures.

"Last year, in California, of 161,099 drivers involved in fatal or injury traffic accidents, 19,867 or 12.3 per cent had been drinking prior to the accident," declared Patrol Commissioner B. R. Caldwell. "The accidents these drivers were involved in resulted in the death of 956 persons, 25.9 per cent of the total killed in traffic last year."

"Another 31,192 persons were injured in accidents involving drivers who had been drinking," Caldwell stated. "This represents 23.1 per cent of the total number injured in traffic in 1957."

"Law enforcement agencies and safety organizations for years have been reporting the hazards of combining drinking and driving," the Commissioner continued. "Only when each individual refrains from drinking or walking in traffic when his actions are affected by even one drink will we begin to fully control the problem of mixing alcohol with traffic."

The Pacific Coast of present-day continental United States was first sighted at what is now Cabrillo National Monument, San Diego, by Juan Rodriguez Cabrillo's Spanish expedition, Sept. 28, 1542.

Proper Use of Headlights Is Requested By Patrol

Use car headlights properly when driving at night warns the California Highway Patrol.

"Headlights, properly adjusted and used in accordance with the rules, mean more safety when driving at night," state Highway Patrol Sergeant F. H. Snyder of the Truckee Substation office. "A review of the pertinent points governing the best use of car headlights may be in order."

"The lower beam is to be used whenever meeting another car or when following another vehicle," Sergeant Snyder said. "When meeting another car, the lights should be placed on low beam when you are within 500 feet of the other vehicle and the high beam not used again until you have passed the other car."

"When following another car or preparing to overtake and pass him, the low beam should be used when you are within 200 feet of the other car," he continued. "These are real courtesies every person should want to render anyway. The law makes them mandatory."

"One more point, in getting maximum safety out of your headlights, is proper adjustment," Snyder concluded. "Properly adjusted lights will give you the greatest seeing distance ahead of your car. Driving so you can stop your car within that distance will help you stay out of unseen trouble at night."

TAHOE CHAMBER IN BUSY APRIL MEET

CRYSTAL BAY—The board of directors of the Lake Tahoe-Sierra Chamber of Commerce, worked overtime at the April dinner-meeting at the Crystal Bay Club, as they wrestled with budgetary problems and other matters of importance, as many of the directors returned from winter vacations to ready plans for the approaching summer season.

They were told that the inquiries and advance reservations from incoming mail had reached an all-time high this year, and that most operators should experience full houses for the greater portion of the year.

President Fred Schultz, announced the resignation of Schuler Bland, of Bijou, as vice-president of the chamber, which was occasioned by the press of personal business affairs. His resignation was accepted with reluctance, and appointment of his successor was deferred to a later date.

Harry Stuble, Kings Beach realtor, was appointed to fill a vacancy of the board, occasioned by the departure from the lake of Leon Barker, and his subsequent resignation, due to reasons of ill health.

President Schultz announced that hope for a low-level highway connected by a bridge across the mouth of Emerald Bay, was all but abandoned, at least for the present, due to the recent action of the state legislature.

Public Relations Director Bill Bien, presented several sketches of a proposed design for a souvenir stamp tying Lake Tahoe in with the coming 1960 Winter Olympics. The slogan: "Lake Tahoe—Home of the 1960 Winter Olympics" was chosen as a slogan to appear on the stamps, which are to be sold to business firms and individuals around the lake to be attached to their mailings. Bien pointed out that this would publicize Lake Tahoe to the entire world, and identify Lake Tahoe as being one of the Winter Game's biggest attractions, and in immediate proximity. Two beautiful designs were tentatively selected—one being chosen as the design for the stamp and another to be made up into attractive Christmas Cards, postal cards and windshield stickers that would be widely distributed.

Church News

TRUCKEE BIBLE CHURCH

Mrs. William Englehart, Jr., was hostess to the ladies Bible class which meets each Tuesday at 12:45.

We enjoyed fellowship Monday evening with the Sierraville Community Church. Meetings are held this week by evangelist, Troy Koslow, from Glendale, California. Many of our group are looking forward to Friday night when we shall again join them in a pot luck dinner, fellowship and the ministry of the Word.

"The Privilege and Price of Motherhood" will be the thought in the worship service this Lord's Day.

John R. Collier appeared before Judge F. W. Wilson May 7 for disturbing the peace and violating terms of previous probation and was sentenced to serve 90 days in the county jail. The charge was filed by Mrs. Collier.

COLOR RACE MOVIES SHOWN TO ROTARY

The dinner meeting of Tahoe City Rotary Club at Tahoe Inn on April 29, was attended by members and ten guests. The unusual number of guests invited by various club members was due to a color movie to be shown of the early spring snowshoe race between local Rotarians and members of the Woman's Club.

The film taken by Jack Dunne, a local merchant, was run the second time following the showing of another film of the 1957 winning of football championship by the Milwaukee Braves. This film was supplied by a representative of a popular beer which was served with the dinner. Basil Kehoe operated the projector, Warren Porter presided over the meeting.

Tarzan

by EDGAR RICE BURROUGHS

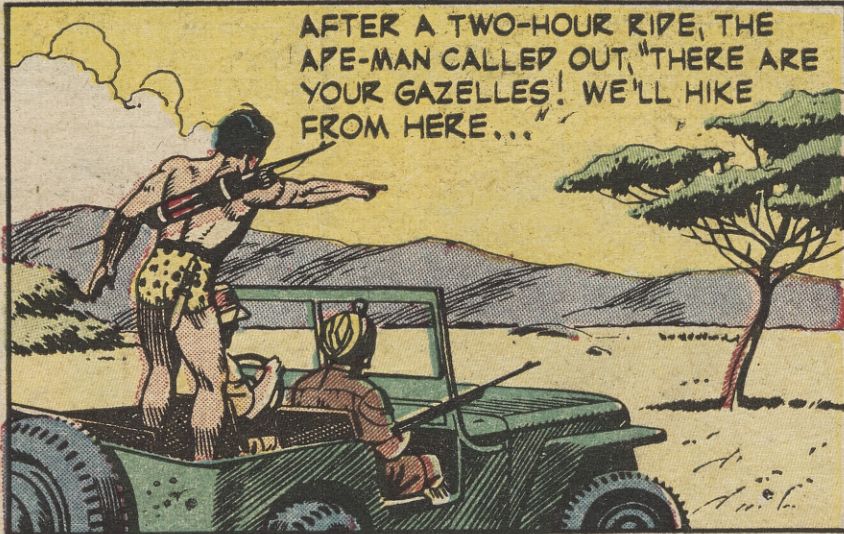

DESPITE A FLARE OF JEALOUSY FROM JACKSON, THE MAHARAJAH ACCEPTED TARZAN'S OFFER TO LEAD HIM TO A HERD OF THOMPSON'S GAZELLES.

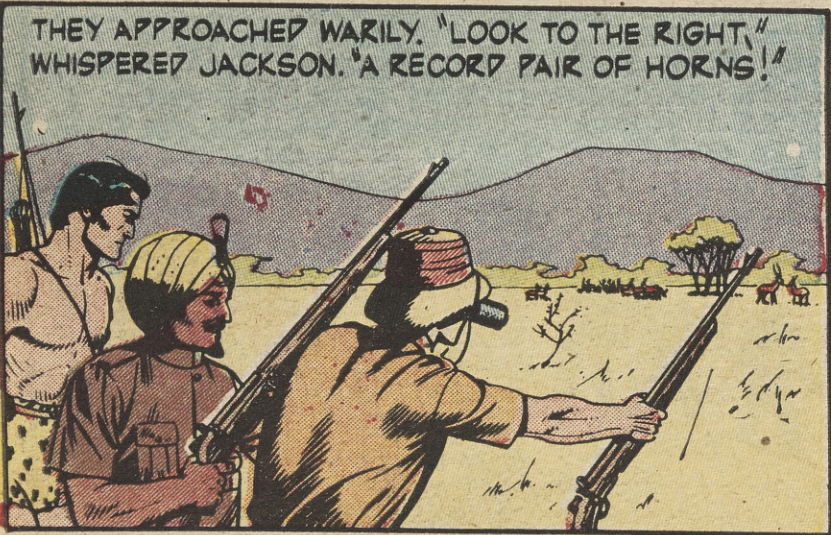

SOON THE THREE MEN LEFT THE BASE CAMP AND SET OUT ACROSS THE PLAINS IN A STURDY JEEP SEEKING A PRIZE TROPHY.

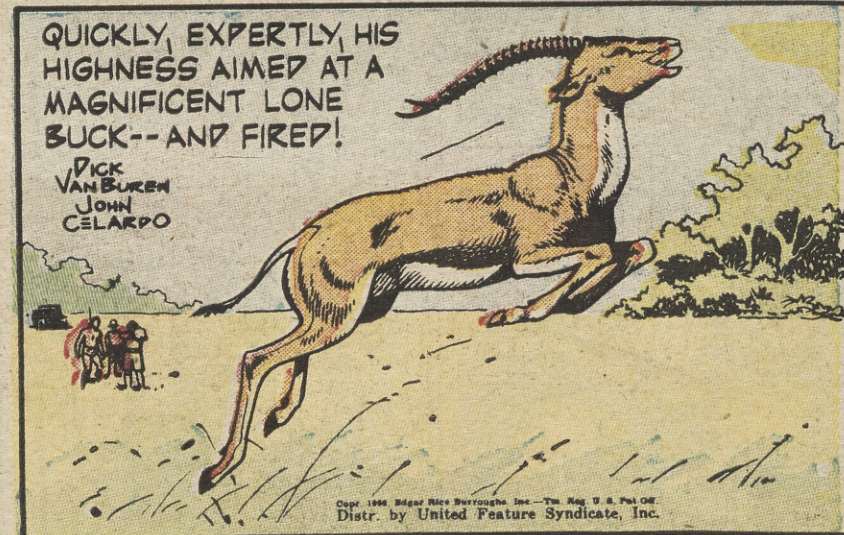

AFTER A TWO-HOUR RIDE, THE APE-MAN CALLED OUT, "THERE ARE YOUR GAZELLES! WE'LL HIKE FROM HERE..."

THEY APPROACHED WARILY. "LOOK TO THE RIGHT," WHISPERED JACKSON. "A RECORD PAIR OF HORNS!"

QUICKLY, EXPERTLY, HIS HIGHNESS AIMED AT A MAGNIFICENT LONE BUCK--AND FIRED!

"I GOT HIM! I GOT HIM!" SHOUTED THE MAHARAJAH, RUNNING FORWARD TO CLAIM HIS TROPHY--

BUT LURKING IN THE TALL GRASSES WAS ANOTHER WHO WOULD CLAIM THE PRIZE GAZELLE-- A VICIOUS AND STARVING LION! 5-11-1418

BATHLESS GROGGINS

by
RAEBURN VAN BUREN

THE NEWS THAT BATHLESS GROGGINS HAS DROWNED WHILE SWIMMING SPREADS THROUGH CRABTREE CORNERS--AND WHEN THE VICTIM'S BODY CAN'T BE LOCATED SERVICES FOR THE DEPARTED ARE HELD...

I FOUGHT (SOB) YOUR DEAR FATHER TOOTH AND NAIL WHEN HE WAS AMONGST THE LIVING!

NOW--I'M ALL CHOKED UP REMEMBERING THE FINE THINGS HE DID FOR THIS COMMUNITY!

WHAT DID YOU HAVE IN MIND, UNDERRR THE HEAD OF "FINE THINGS," JASPER HAGSTONE?

HE LENT AN ATMOSPHERE TO THESE SURROUNDINGS THAT CAN'T EASILY BE REPLACED!

THAT'S FOR SURRE!

YOU'RE NOTHING BUT A HYPOCRITE, JASPER HAGSTONE--YOU HATED HIM AND YOU'RE (CHOKE) GLAD HE'S GONE!

THAT'S NOT SO, SUE GROGGINS--

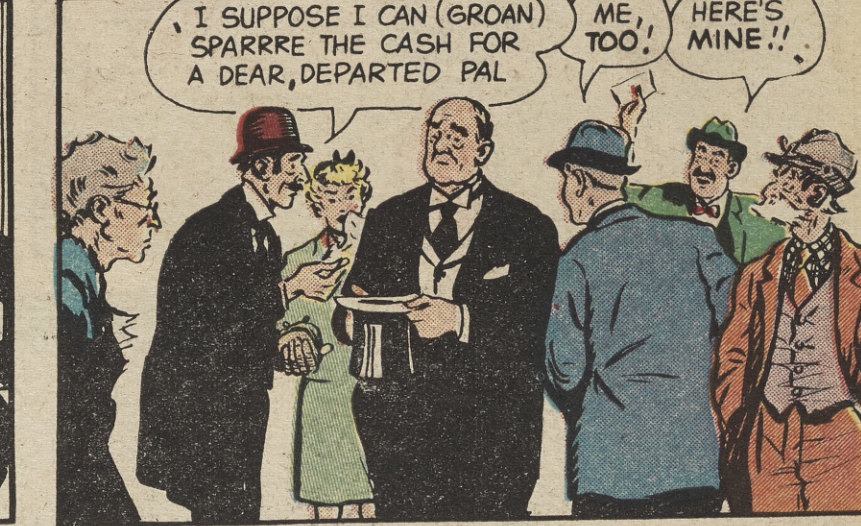

AND TO PROVE IT, I'LL MAKE THE FIRST CASH CONTRIBUTION TO THE BATHLESS GROGGINS MEMORIAL--A LIFESIZE STATUE IN HIS HONOR!

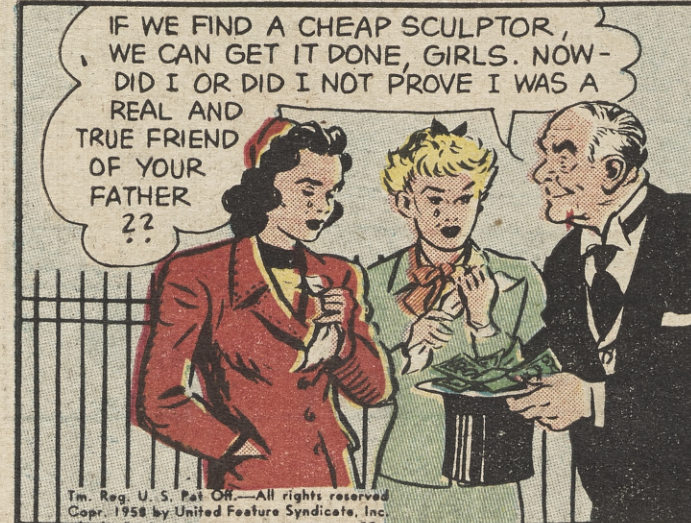

I SUPPOSE I CAN (GROAN) SPARRRRE THE CASH FOR A DEAR, DEPARTED PAL

ME, TOO! HERE'S MINE!!

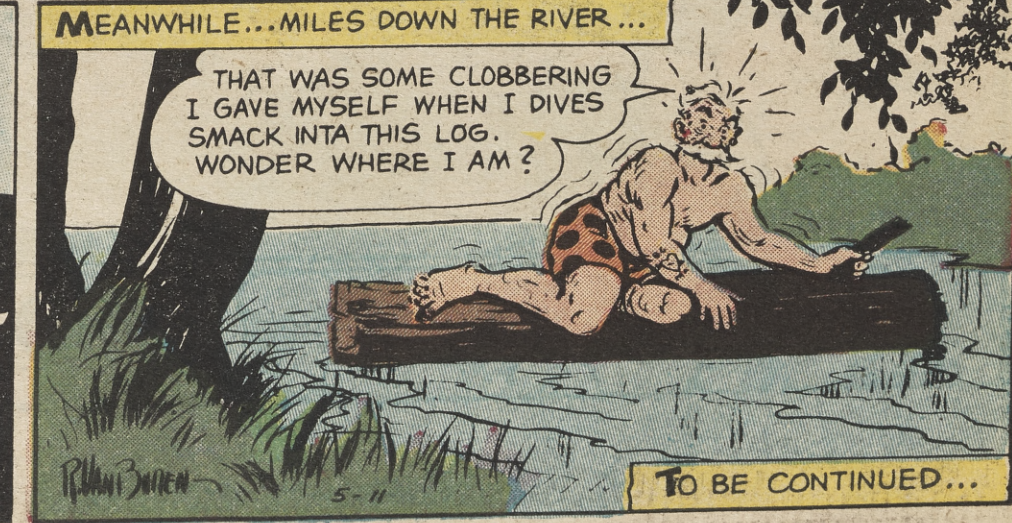

IF WE FIND A CHEAP SCULPTOR, WE CAN GET IT DONE, GIRLS. NOW--DID I OR DID I NOT PROVE I WAS A REAL AND TRUE FRIEND OF YOUR FATHER??

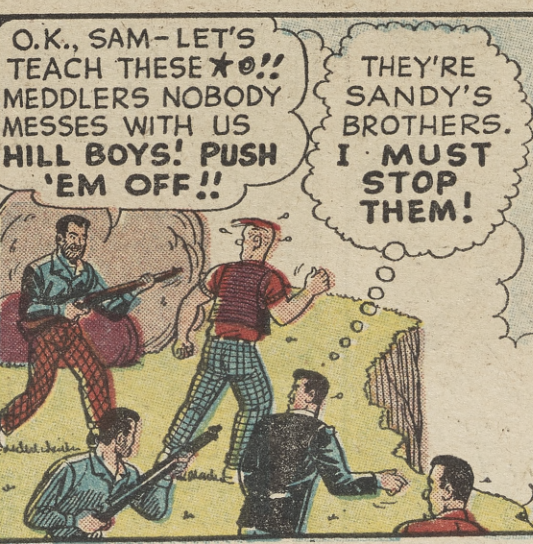

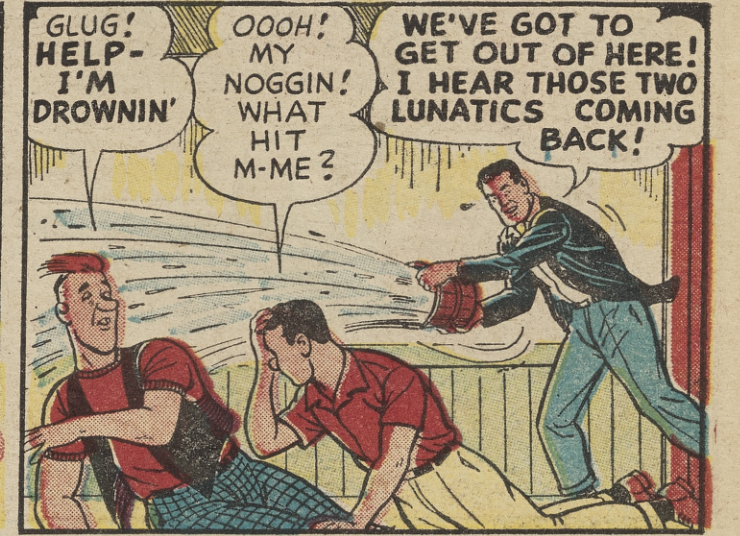

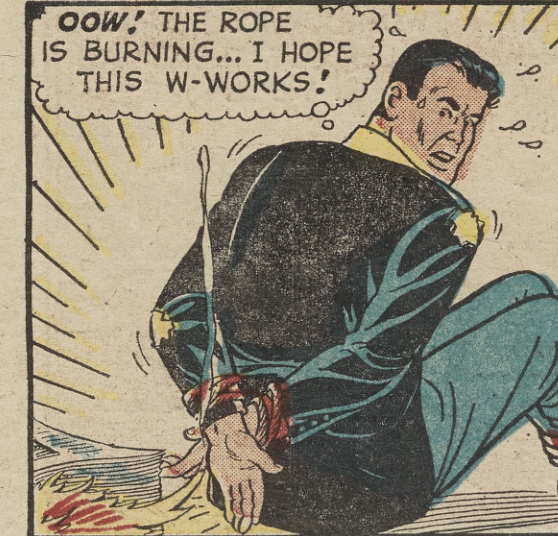

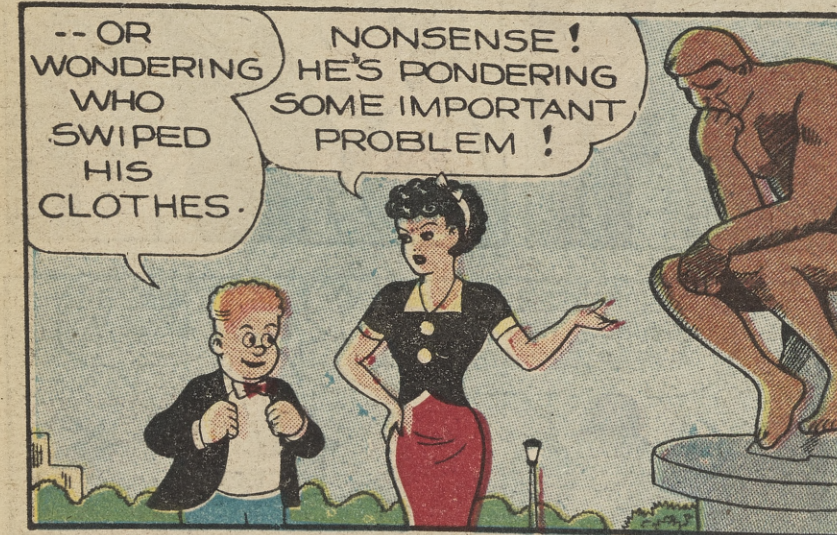

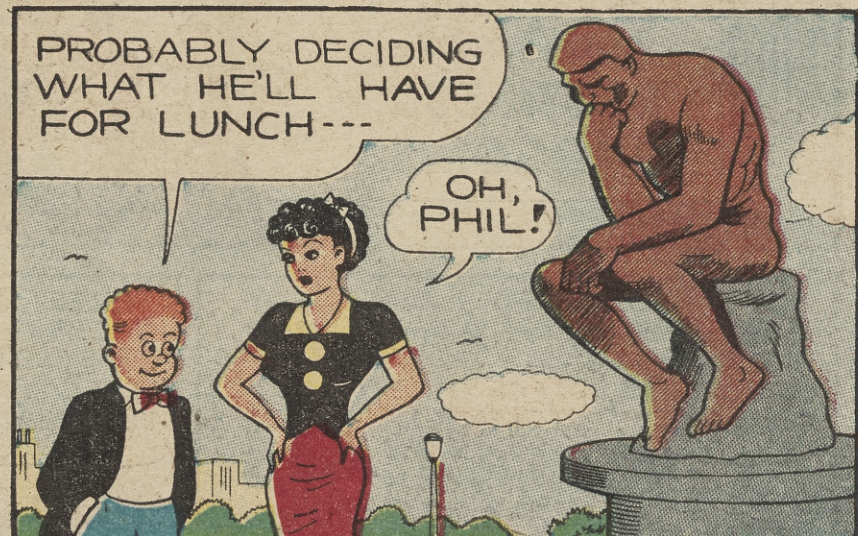

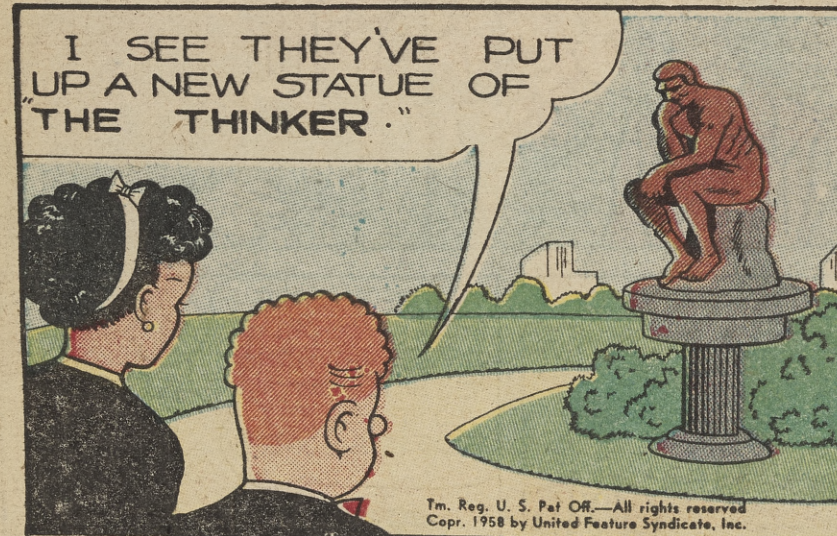

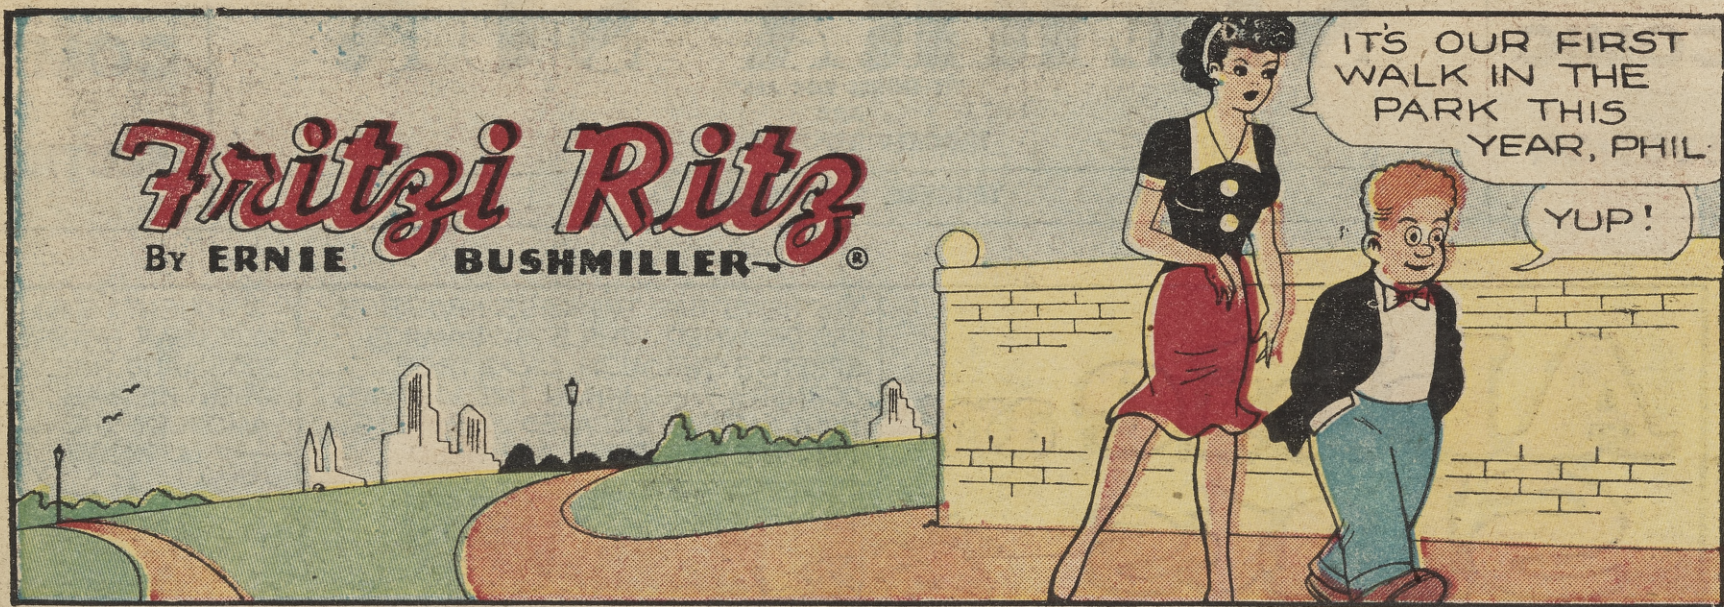

MEANWHILE...MILES DOWN THE RIVER...

THAT WAS SOME CLOBBERING I GAVE MYSELF WHEN I DIVES SMACK INTO THIS LOG. WONDER WHERE I AM?

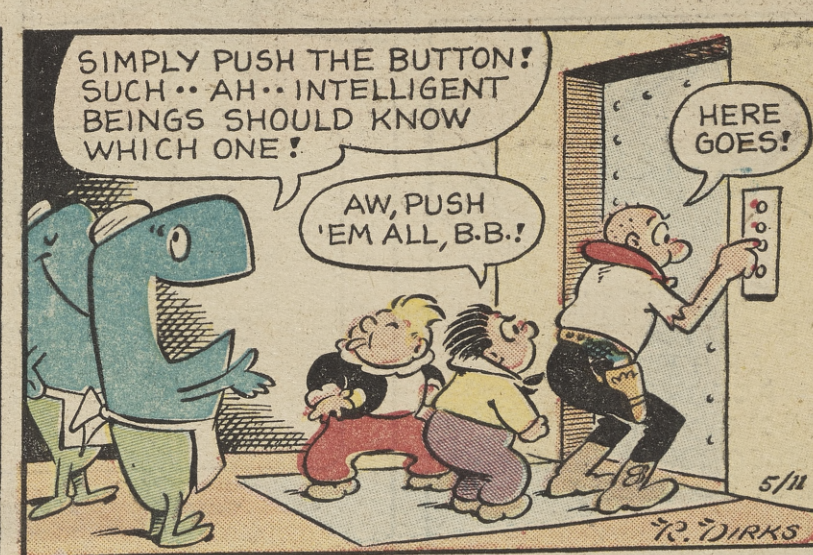

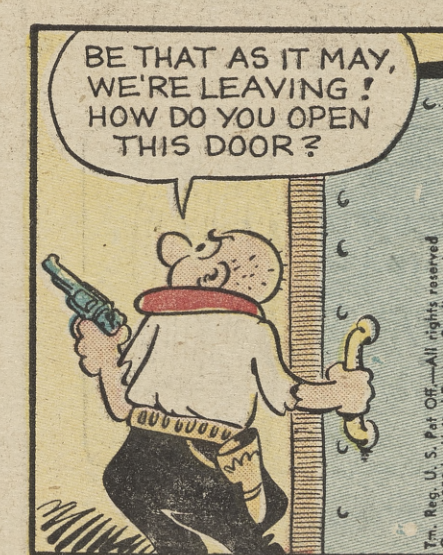

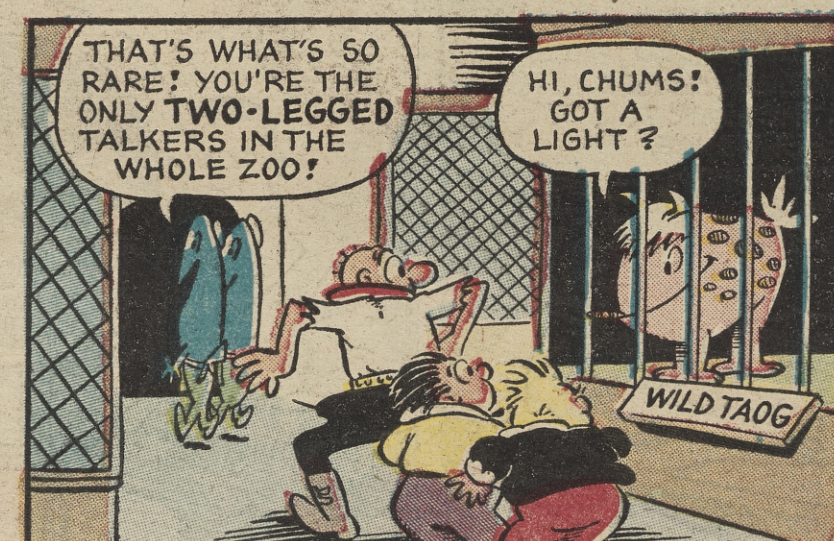

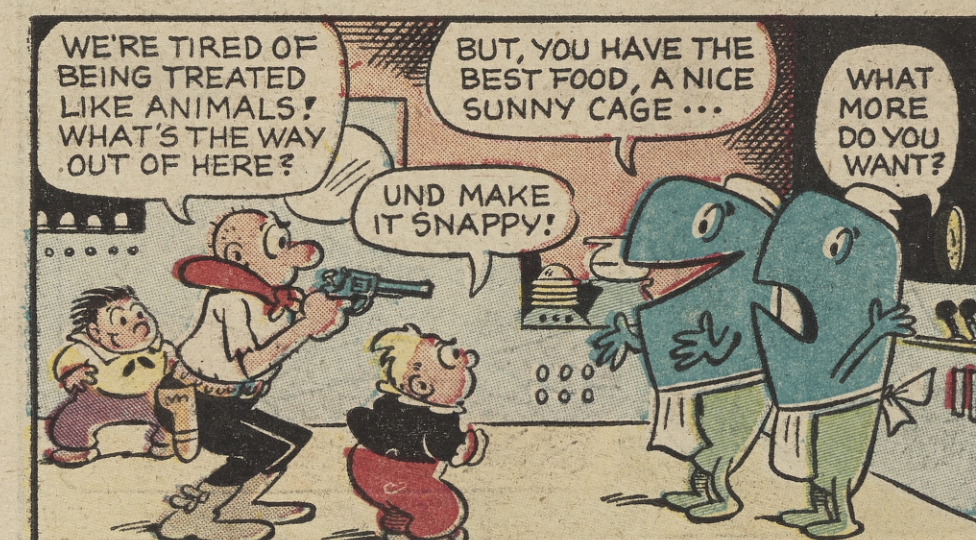

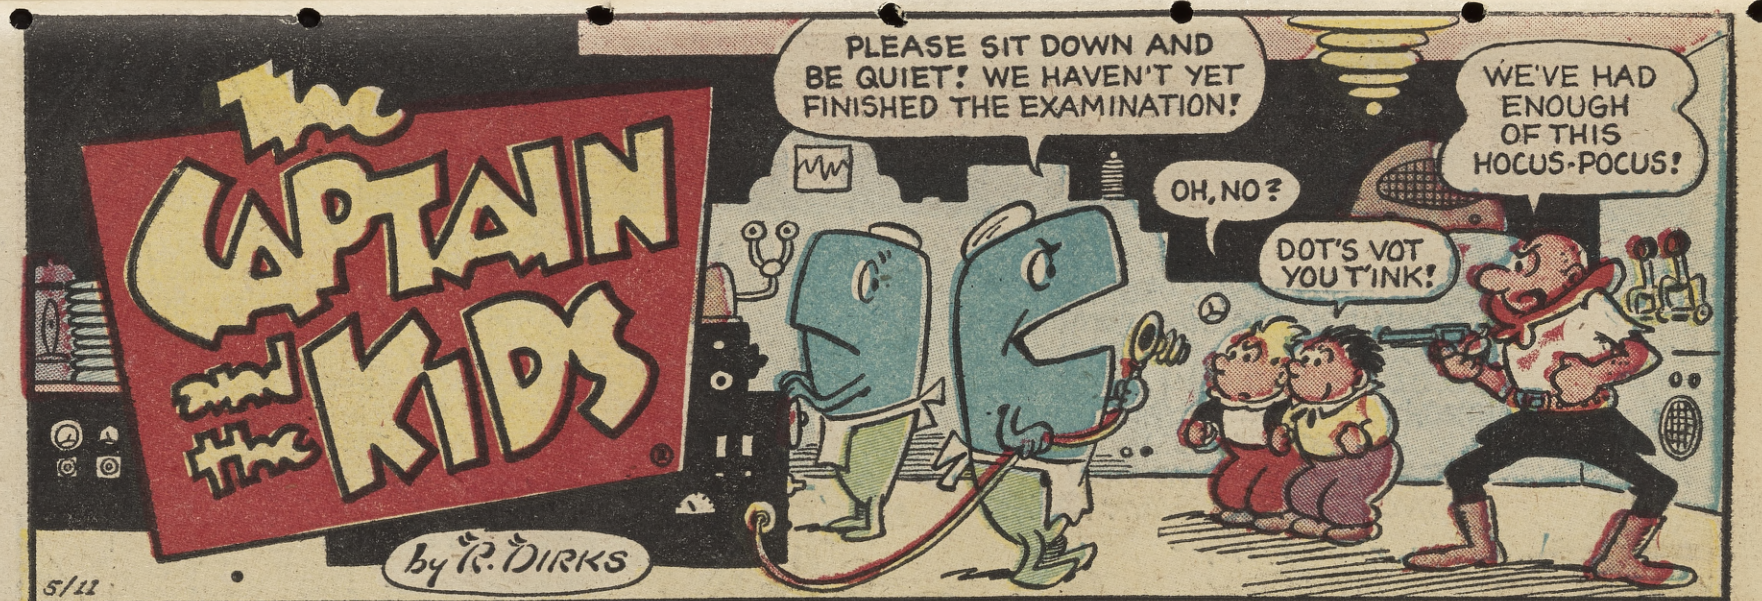

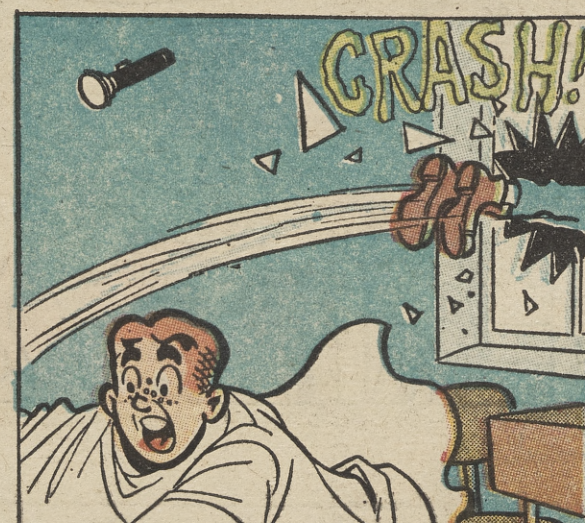

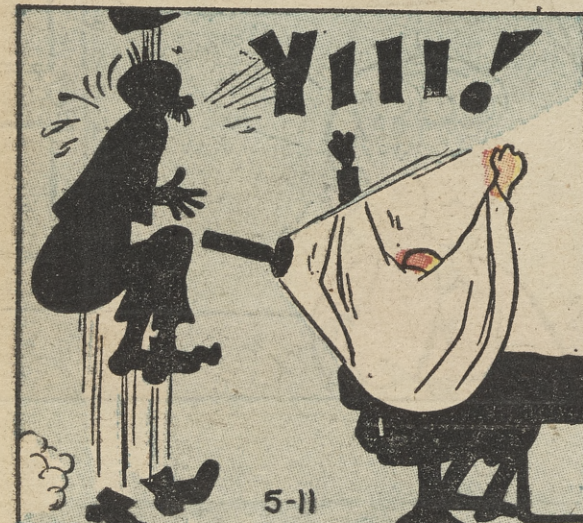

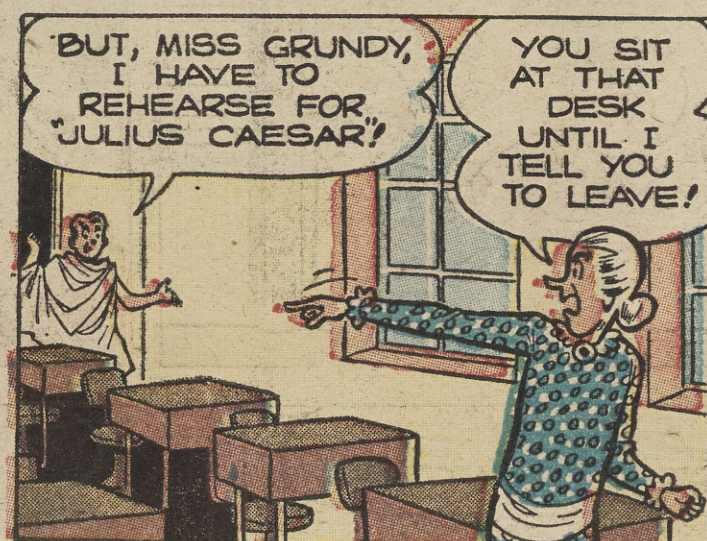

TO BE CONTINUED...
